

## ESP Web Homepage Overview

Jennifer S - 2022-01-12 - Getting Started

From the ESP Web Homepage, all of the features and functions of ESP are at your fingertips!

The main tabs at the top enable you to navigate between the available applications on the ESP Platform.

### Application Tabs

#### ESP Web

Access the tools you need to grow your promotional products business, manage your day-to-day operations and succeed within this lucrative industry!

#### Websites Admin

[Websites Admin](#) is where you can manage your customized company website that auto-populates with ESP product listings.

#### CRM

[Customer Relationship Management \(CRM\)](#) enables you to track notes and reminders about your customers and their order history and generate business documents all in one place.

#### Orders

[ESP Orders](#) contains all orders, invoices and quotes and in one convenient location right in ESP.

#### Email Marketing

[Email Marketing](#) is where you can create, send and track email marketing ads through ESP to reach your target audience and sell more.

### What are the four icons?

- **Question Mark:** This is the help icon and will bring you into the ASI Knowledge Base. You can also access helpful articles by clicking on the green Help & Support tab next to the scroll bar.
- **Bell:** This is the notifications icon and will alert you to any notifications, such as tasks or shared order documentation.
- **Clipboard:** The Clipboard is a handy tool which enables you to hold up to 250 products for 90 days. For more information on the Clipboard and how to use it, please review the Clipboard section of the [Manage Product Results](#) article.

- **Avatar:** The avatar is a profile image for ESP. This area is also where you can [manage your account and application information, settings, and preferences.](#)

## ESP Web Navigation Toolbar

### Searches

#### Find a Product, Find a Supplier, Find a Decorator

These options enable you to access the Quick Search bar. Selecting "Find a Supplier" or "Find a Decorator" will toggle the Quick Search from a [product search](#) to a [supplier or decorator search](#), respectively.

### Top Searches

Top Searches are the most commonly searched 20 keywords or phrases, based on user research. Click on Searches from the ESP toolbar and then hover on Top Searches. Click on the name of the search to view the products within.

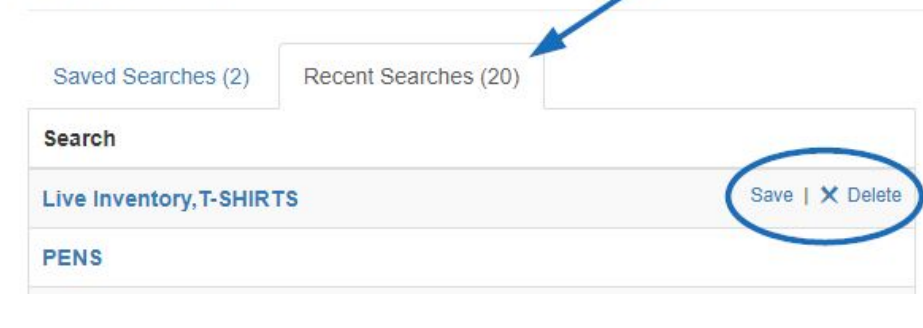

## Recent Searches

Recent Searches is where your most recent product searches will be stored. Hover on Recent Searches to view the searches and click on a search listing to view product results.

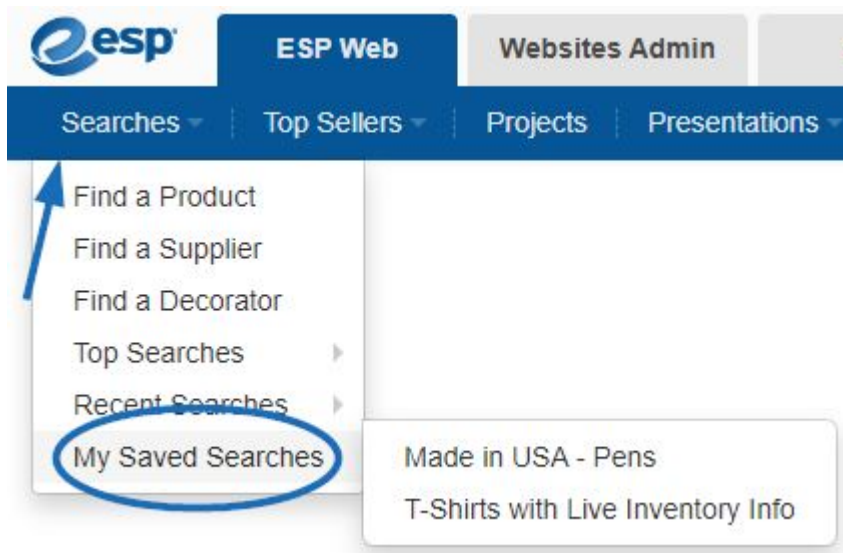

To save or delete recent searches, click on Recent Searches in the Searches dropdown. Then, hover on the listing for the search you would like to Save or Delete and use the corresponding option.

## My Searches

## My Saved Searches

My Saved Searches is where you are able to [save a search](#). Aftering saving a search, you can hover on My Saved Searches to view all available searches or click on My Saved Searches to manage your saved searches.

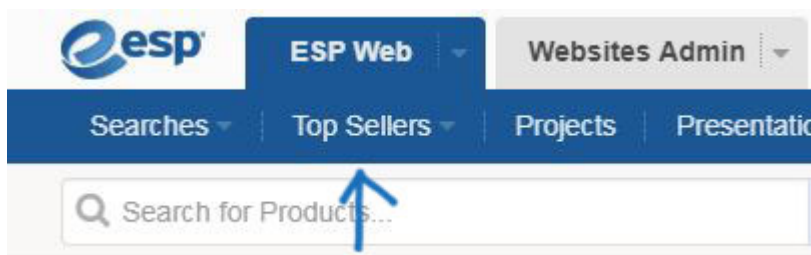

Each saved search listing will be available in this section until or unless you delete it. Saved searches can be edited or deleted. To edit or delete a saved search, hover on the listing for the search you would like to Edit or Delete and use the corresponding option.

## Top Sellers

Top Sellers provides you with access to a supplier for a specific category of products. There are two ways to access the Top Sellers in ESP Web.

On the main toolbar, click on the Top Sellers option.

The Top Sellers are also available directly on the ESP Web homepage. Hover on a category on the ESP homepage to view subcategories and click on the subcategory to view the products within.
